Dear Members

Term 3 is fast drawing to a close.

Included is information on how to obtain multiple copies of the Colin Dunn book "Let's Plan a Business". Great for those enterprising teachers amongst us.

We would like to invite all members to our end of year social functions being held in Hobart on Monday December 3rd and in Launceston on Friday December 7th. Please RSVP as soon as you can so that we can organise the catering. A separate flyer has been emailed with the details. 2 CPA Australia Plan Your Own Enterprise Competition 2007

What a fantastic year it has been! Over 130 students from 8 schools were involved, with 51 entries in Division One, 32 entries in Division Two and 28 entries in Division Three. It was a pleasure receiving the many entries from a range of schools and seeing the wealth of knowledge and talent that our young people have.

Seven individual finalists and four group finalists were short-listed by a panel consisting of Julie Fisher, Neesha-Marie Hartog, Selina Kinne, Neil Walker and myself. There were three judges: Colin Jones from the School of Management at the University of Tasmania, Louise Thynne from Marist Regional College, and Ian Davenport, CPA. The 2007 winners are:

Division One: Ashleigh Eberhardt, St Michael's Collegiate School.
Division Two: Joe Hawksworth, The Hutchins School.
Division Three: Mathew Hey and Tuanling Tan, Dominic College.

National Judging took place in Canberra on October 22 and Tasmania was ably represented by our Division One winner, Ashleigh Eberhardt who attended

Thanks to all who were involved this year, and I look forward to even more entries in 2008!

Here's me receiving my awards from the CPA Tasmania Division President at the State presentation ceremony.

My Trip to Canberra

I was surprised, after entering the CPA Australia Plan Your Own Enterprise competition, when I managed to come 1st in Tasmania for Division 1. For me this was quite an accomplishment as I do not consider myself to be the smartest person. Thanks to BEAT I received a \$200 cheque for winning Division One, which I thought was very generous. I also received a movie ticket and a certificate.

One other benefit of having entered the PYOE competition through my class with Ms Schafferius, and coming first, was that I received a trip to Canberra to compete against the other winners in the country. We stayed at the ANU and all shared rooms with one of the other winners. This was a nice change as I don't usually share a room with someone I do not know. I had a great time competing in the competition and it was also really fun getting to see some of the amazing sights around Canberra like the Museum, War Memorial and Parliament House. I made a wonderful bunch of new friends from all around Australia.

The experience was tremendous; all the people I got to meet – judges, organisers, other competitors – were all very friendly and welcoming. Overall, I am really glad that I got to experience this educational competition and trip, and to be able to travel somewhere and meet so many friendly people.

Division Three

Name: Rebecca Miller and Megan Young

School: St Leonard's College
Victoria

Business Plan: *Paw Resort Friends*

Description: The resort offers to look after small pets when owners are away either on holiday or work. The resort will look after rodents, fish, reptiles, birds and insects in a specialty dedicated area. Feeding, exercising and caring for the creatures during the owner's absence will be a key role of the business.
The partnership will provide a loyal, trustworthy and honest place to leave pets. All creatures whatever shape or size will be cared for.
Paw Friends Resort will strive to provide a home away from home for the loved pets. The niche was discovered because of the great difficulty in finding someone to look after small pets during an absence. It's relatively easy to find kennels for dogs and catteries for cats when you need them but most people have to rely on family members or close friends to look after their smaller pets while they are away.
