## **Access Asia Study Tours 2006**

**Immerse yourself in a cultural  
experience!**

The Asia Education Foundation  
invites educators to increase their  
knowledge and understanding of China,  
India, Korea, Vietnam and Cambodia by  
participating in the 2006 Study Tour  
program. Imagine exploring the French  
ambience of a city like Hanoi...or seeing  
Angor Wat at sunset...teaching a day in  
rural China...or spending the weekend  
with a teacher’s family in Dehli.

These tours provide unique  
professional learning experiences and  
expenses may be tax deductible. Full  
details and costs can be found at  
[www.asialink.unimelb.edu.au/aef/ticfa](http://www.asialink.unimelb.edu.au/aef/ticfa).

Tasmanian teachers have participated in the study tours in the past and the value of the experience for teachers cannot be underestimated. The tours do not have a strict deadline for applications, however, they are filling particularly fast this year, with the January China tour almost full.

Further information is available from the web site or by telephoning **Aaron O'Shannessy**, Project Manager Asia Education Foundation on **03 8344 3584**.
